

LED 3W CABINET LIGHTS

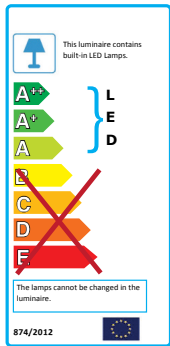

An exciting addition to the GreenBrook lighting range, the IP44 LED 3W Cabinet Light is designed to be placed inside kitchen wall units and fitted in to fly-over shelves. The LED light produces low heat levels which is ideal for safety when placed inside cabinets.

Comes pre-wired complete with its own driver, fittings are available in single or triple packs.

- **Easy to install**
- **Quick connection**
- **Dimmable**
- **Includes LED dimmable driver**
- **Low Energy consumption**
- **Recessed or surface mounted**
